Character Disturbance—The Phenomenon of Our Age, the new book by George K. Simon, Ph.D., does two things really well: It paints a no-nonsense picture of how people with personality disorders, including sociopaths, behave. And it explains why traditional psychotherapy, in attempting to understand these individuals, gets it so wrong.

Character disordered people are not stupid people. They're contrary people. They know what the generally accepted rules are, they know what most people's expectations are. But they haven't made the decision in their heart to play by the rules most of us want them to play by. That's a matter of the heart.

So, today we are facing a near epidemic of what some theorists refer to as character disturbance. Neurosis is still with us, but for the most part at functional as opposed to pathological levels. That is, most today experience just enough apprehension and internal turmoil when it comes to simply acting on their primal urges that they don't in fact "just do it."
