You Will Need To Repair
LibGen is a unique concept in the
category of eBooks, as this Russia based
website is actually a search engine that
helps you download books and articles

related to science. It allows you to
download paywalled content for free
including PDF downloads for the stuff on
Elsevier's Science Direct website. Even
though the site continues to face legal
issues due to the pirated access
provided to books and articles, the site
is still functional through various
domains.
