In Over Our Heads Mental

In Over Our Heads provides us entirely fresh perspectives on a number of cultural controversies—the “abstinence vs. safe sex” debate, the diversity movement, communication across genders, the meaning of postmodernism. What emerges in these pages is a theory of evolving ways of knowing that allows us to view adult development much as we view child development, as an open-ended process born of the dynamic interaction of cultural demands and emerging mental capabilities.

Amazon.com: In Over Our Heads: The Mental Demands of ...

In Over Our Heads makes the argument that the different sphere's of modern life (romance, parenting, work, etc.) all require a similar method of thinking in order to succeed. This method of thinking, which Kegan calls structural, is fundamentally different that the modes of thought most of us learn in high school and early college (communal, in Kegan's terminology).
