curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

New Digital Cinema Reinventing The

3.0 out of 5 stars New Digital Cinema. Reviewed in the United States on June 28, 2011. This book (part of the "Short Cuts" series) offers a welcome introduction (or overview) to more recent developments in expanded cinema, video projection art, video art and installations, and therefore seems to be more of a primer introducing contemporary ...
