Radical Technologies The Design of Everyday Life - Scene-Rls

Radical Technologies is a non-fiction book by the UK-based American author Adam Greenfield. Subtitled 'The design of everyday life' it looks at the technologies that are transforming the world at an ever increasing rate. Greenfield's take on the influence of technologies such as blockchain and digital fabrication is generally speaking a pessimistic one. He is concerned about the atomisation of society as experience becomes individualised, and about how we are unwittingly handing over vast ...
