Writing in his book After Theory, he has commented critically about the practicality of ethical idealism, Eagleton arguing, "Moral values which state what you ought to do are impressively idealistic, but too blatantly at odds with your behaviour.

Ideal (ethics) - Wikipedia
W. J. Mander examines the nature of idealist ethics, that is to say, the form and content of ethical belief most typically adopted by philosophical idealists. While there exist many studies of the ethical views of individual idealist philosophers there has been no literature at all on the notion of idealist ethics per se.

Idealist Ethics - W. J. Mander - Oxford University Press
Clear examples and definition of idealism. In popular usage, an idealist is someone who believes in high ideals and strives to make them real, even though they may be impossible. It's often contrasted with pragmatist or realist, i.e. someone whose goals are less ambitious but more achievable.
