Th Combat Engineer Battalion Corps

An Engineer Combat Battalion was a designation for a battalion-strength combat engineering unit in the U.S. Army, most prevalent during World War II. They are a component of the United States Army Corps of Engineers. Also known as "Combat Engineer Battalions", they were typically divided into four companies: A, B, C, and Headquarters and Service. Best known for pontoon bridge construction and clearing hazards in amphibious landings, their duties also included serving as sappers deploying and dea
