The Art of Pricing Words by Lauren Rose
Business communicates the value and quality of your work - it really is more than just a number. You can win or lose customers the moment they look at your price tag, so the importance of smart pricing can't be understated.

The Art of Pricing

The art of pricing is about selecting a revenue model and pricing strategy. The science of pricing identifies a price based on one or more pricing drivers. Effective implementation of pricing requires a dedicated pricing team. Pricing is both an art and a science: art qualifies, science quantifies.

Art market, auction sales and artist's prices and indices ...

Pricing art, like art itself, is subjective. The subject of pricing art almost always manages to become part of the conversation whenever artists discuss the business of art. There is as much angst and confusion around pricing art as anything artists deal with in life. Part of the problem is there are no set methods.

The Psychology of Pricing Art

Even before embedding yourself in the art community, you can learn some basic guidelines that typically inform an artwork's price. While there are no hard-and-fast rules, said Rebekah Bowling, specialist and head of the New Now 20th century and contemporary art auction at
