Consider whether or not your expectations for yourself are realistic, and if they are not, then consider how you might adjust them to be more realistic. For example, if you always expect to get A+ grades on every test you take, then you might feel incredibly disappointed if you get an A- on a test.

Want to know what to say when negotiating your salary? Here's a secret: Employers rarely make their best offer first, and job candidates who negotiate generally earn much more than those who don't. And a well-thought-out negotiation makes you look like a stronger candidate—and employee. You can start laying the groundwork for your salary negotiation even before the first interview.
