group of students is studying an archaeological site in France when the professor in charge disappears.

Timeline: A Novel - Kindle edition by Crichton, Michael ...

-- Michael Crichton, Timeline. I'll admit it right up front: I don't like historical fiction much. When authors are sloppy in their research, I find the inaccuracies distracting enough to ruin what might otherwise be a good story. But even when the representation of the past is largely authentic (and to be fair, there are some extraordinary ...
